

TRAIL CREW NOTES

14 January 2025

Location: Lower Big Quilcene (833), ONF

Crew members:

David Graves

Joanne Graves

Hours on job: 13

- Objective(s) for the day:
 - Clear trail of downed trees from lower trailhead to as far as possible.
 - Scout, as time allowed, to upper trailhead for other work needing done.
- Task(s) accomplished:
 - Cleared eight trees (diameters from 4-14").
 - One 18" diameter tree has fallen across the trail
- Task(s) remaining:
 - Return with sharpened saw to remove the two 24" trees on the trail.
 - Scout to the upper trailhead.
 - Upon warmer weather, clear partially blocked culvert.
 - Obtain, transport, and install railings on Lower Quilcene stock bridge.
- Notes
 - Others cut downed trees from the trail but only narrowly. Had to be recut to open passage to standards.
