

Trail Report Summary

July 2023

Jim and Donna Hollatz, DNR and State and Jamestown Tribe

June 16, 2023: Jim and I walked in the unnamed trail that goes from Cable Trail to Don Tucker's property and cleared some overhanging brush and some large logs that had fallen across the trail. I also pulled a number of Tansy plants along the route. This was about a 2-hour project but we needed that trail clear for the Rhody Ride that was held on June 17th. (It is the main access trail that is used for the ride).

The week after the Rhody Ride, Jim replaced the bearings and put new tires on the Event Trailer, but that doesn't count as trail work! (editor's note: that may not be trail work, but it's important stuff done by a volunteer using his time and talents).

Bill Mueller, OAT Trail (Thursday Trail Crew) and NOLT:

Will attach to August report.

Rebecca Wanagel, ONF and ONP

6/23-7/1/23: Elwha backcountry trip. Major trip – major organization – really productive. The board has already received a copy of this trail crew summary, but I am attaching it here for passing on to the membership.

Next up – Cameron Creek trail, ONP. July 12-18. ONP packer getting our tools in, human packers coming in to help us get the tools out.
